

CERTIFICATES

The following table lists the ISO 9001, ISO 14001, ISO 45001, OHSAS 18001 and Eco Lighthouse certificates in the COWI Group:

[Denmark](#), [Sweden](#), [Norway](#), [United Kingdom](#), [Belgium](#), [Germany](#), [Lithuania](#), [Poland](#), [India](#), [Korea](#), [Singapore](#), [Hong Kong](#), [Mozambique](#), [North America](#), [Middle East](#)

NB: The certificates are organised by geography.

The individual offices / sites and the scope covered by the certification can be read on the certificate itself.

Denmark

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2014 DNV	<u>2021</u> <u>DNV - GL</u>	24.01.2023
ISO 45001	2020 DNV - GL	<u>2021</u> <u>DNV - GL</u>	10.07.2022

Scope of services, as in ISO 9001 certificate:

Consultancy within economics, management, urban management, transport planning, mapping, IT, water, environment, industry, energy, buildings, bridges, tunnels, marine structures, railways, roads and airports.

Scope of services, as in ISO 45001 certificate:

Civil and structural engineering consultancy including planning, design and management of projects specialising in geotechnical, tunneling, bridge and marine engineering

Sweden

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001:2015	2009 Lloyd's	<u>2021</u> <u>Lloyd's</u>	27.01.2024
ISO 14001:2015	2009 Lloyd's	<u>2021</u> <u>Lloyd's</u>	27.01.2024
ISO 45001:2018	2009 Lloyd's	<u>2021</u> <u>Lloyd's</u>	27.01.2024

Scope of services, as in ISO 9001:2015 certificate:

Qualified engineering and expert consultancy services in the fields of industry, energy, infrastructure, construction and real estate, environmental and project management.

Scope of services, as in ISO 14001:2015 certificate:

Qualified engineering and expert consultancy services in the fields of industry, energy, infrastructure, construction and real estate, environmental and project management.

Scope of services, as in ISO 45001:2018 certificate:

Qualified engineering and expert consultancy services in the fields of industry, energy, infrastructure, construction and real estate, environmental and project management.

Norway

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2019 DNV - GL (Dept. 3590 2013)	<u>2021</u> <u>DNV - GL</u>	24.01.2023
Eco Lighthouse		<u>2018</u> <u>Miljøfyrtårn</u>	12.12.2021

Scope of services, as in ISO 9001 certificate:

Consultancy within economics, management, urban management, transport planning, mapping, IT, water, environment, industry, energy, buildings, bridges, tunnels, marine structures, railways, roads and airports.

United Kingdom

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2000 DNV	<u>2021</u> <u>DNV - GL</u>	24.01.2023
ISO 14001	2007 NQA / AJA	<u>2019</u> <u>DNV - GL</u>	10.07.2022
ISO 19650	2021 BSI	<u>2021</u> <u>BSI</u>	21.03.2022
ISO 45001	2020 DNV - GL	<u>2021</u> <u>DNV - GL</u>	10.07.2022

Scope of services, as in ISO 9001 certificate:

Civil and structural engineering consultancy including planning, design and management of projects specialising in geotechnical, tunnelling, bridge and marine engineering

Scope of services, as in ISO 14001 certificate:

Civil and structural engineering consultancy including planning, design and management of projects specialising in geotechnical, tunnelling, bridge and marine engineering.

Scope of services, as in ISO 45001 certificate:

Civil and structural engineering consultancy including planning, design and management of projects specialising in geotechnical, tunnelling, bridge and marine engineering.

Belgium

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001		<u>2021</u> <u>DNV - GL</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Project sales, project administration and consultancy within economics, management, urban management, transport planning, mapping, IT, water, environment, industry, energy, buildings, bridges, tunnels, marine structures, railways, roads and airports.

Germany

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2018 DNV - GL	<u>2021</u> <u>DNV - GL (Child)</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Consultancy within bridges, tunnels and marine structures.

Lithuania

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2005 Lloyd's	<u>2021</u> <u>DNV - GL</u>	24.01.2023
ISO 14001	2012 Lloyd's	<u>2020</u> <u>DNV - GL</u>	11.01.2023

Scope of services, as in ISO 9001 certificate:

Design of buildings, engineering constructions and infrastructure, project management, project implementation supervision. Engineering and environmental consulting services.

Scope of services, as in ISO 14001 certificate:

Design of buildings, engineering constructions and infrastructure, project management, project implementation supervision. Engineering and environmental consulting services.

Poland

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2021 DNV - GL	<u>2021</u> <u>DNV - GL</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Consultancy within water and environment, tunnels and railways.

India

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2014 TÜV	<u>2021</u> <u>DNV - GL</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Design & Provision of engineering consultancy services within the areas of Bridges, Tunnels & Underground Structures, Highways & Airports, Marine & Coastal Engineering, Water & Environment, Groundwater, Industry & Energy, Buildings and Geo-services.

Korea

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2016	<u>2021</u> <u>ICR</u>	09.03.2024

Scope of services, as in ISO 9001 certificate:

Design/Develop and Services of Civil Engineering.

Singapore

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2019 DNV - GL	<u>2021</u> <u>DNV - GL (Child)</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Design & Provision of engineering consultancy services within the areas of Marine, Environment, Tunnels and Bridges.

Hong Kong

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 14001	2007 NQA/AJA	<u>2019</u> <u>DNV - GL</u>	10.07.2022

Scope of services, as in ISO 14001 certificate:

Civil and structural engineering consultancy including planning, design and management of projects specialising in geotechnical, tunnelling, bridge and marine engineering.

Mozambique

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2015 DNV	<u>2021</u> <u>DNV - GL (Child)</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Consultancy within economics, management, urban management, transport planning, mapping, water, environment, industry, energy, buildings, bridges, marine structures, railways, roads and airports.

North America

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2003 SAI Global	<u>2021</u> <u>DNV - GL</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Consultancy within bridges, tunnels and marine structures.

Middle East (Oman, United Arab Emirates)

Standards	Year of first certification / certifying agency	Year of latest renewal / certifying agency	Current certificate valid until
ISO 9001	2010 DNV	<u>2021</u> <u>DNV - GL</u>	24.01.2023

Scope of services, as in ISO 9001 certificate:

Consultancy within economics, management, urban management, transport planning, mapping, IT, water, environment, industry, energy, buildings, bridges, tunnels, marine structures, railways, roads and airports.
