

THE FUTURE

COWI

## HELLO, WE NEED YOU...

With this miniature brochure, we hope to leave you with a great impression of COWI. And we hope to inspire you to connect with us on the social media or to join our talent pool, making the last page not a goodbye, rather a “till next time”.

At COWI, we combine global presence with local knowledge to take on projects anywhere in the world – no matter how large or small. But to continue doing that, we need tomorrow’s young talents to help us. We need you.

Welcome to COWI.

## WORLD-WIDE PRESENCE AND CROSS-BORDER COLLABORATION

9,000 ongoing projects mean international development possibilities.

At COWI, we take pride in employees who are curious about new technologies and ways to cooperate to deliver future-oriented solutions to our customers. And we believe that you develop best by participating in projects that challenge your knowledge.

We cooperate across disciplines, customer portfolios and business units all over the world. As an employee in COWI, an international career is within your reach. By working on our global projects, you can develop sustainable solutions in Europe, Asia and America. And you can liaise with the best of our experts across geographical borders.

Interdisciplinary engineering is our core business.

# WORLD-CLASS KNOWLEDGE SECURES TOP RANKINGS

The ENR Sourcebook is an annual publication that ranks international contractor and design firms in a variety of categories. More than 250 companies from all over the world participate in the ranking, which is based on international revenue.

# ICONIC PROJECTS THAT MAKE A DIFFERENCE

We are driven by an urge to solve the challenges facing societies all over the world – from traffic congestion to waste management. And we are indeed proud of our work – from the world's most sustainable airport to indispensable infrastructure projects.
